POSITIONING

The last stop before the lake on SH 289: the only live-bait shop within 25 miles of Lighthouse, \$12 Lake Texoma licenses, striper tackle the guides actually use, propane refills, ice, firewood and everything you forgot.

Audience. Anglers (local and visiting), guide clients, RV campers heading to Lighthouse/Island View, weekenders stocking a cooler.

VOICE

The guy behind the counter: short, useful, a little gruff, secretly delighted to help. Talks in lists and tips. Never fancy.

Do

- Lead with what's in stock and what's biting.
- Say '\$12 license, both states' every time — it's the single best fact.
- Lists over paragraphs.
- Mention Bob Jr. the bass; people love him.

Words we use: live bait, shiners, striper, license, propane, last stop, headquarters, what's biting, Bob Jr.

Words we avoid: boutique, curated, premium, shop now (until the online store returns)

Don't

- Retail hype ('huge selection!', 'unbeatable prices!').
- Long stories on the website — save them for the counter.
- Promise a bite.

The logo is hand-drawn marker lettering with a red-and-white bobber for the 'o'. Keep the marker face for the H1 and use Barlow for everything else.

LOGO USAGE

- Lockup 'the tackle box' with bobber 'o' is the only mark. Do not typeset the name in another font as a logo.
- Black on white or canvas; white one-color on black. Never on red.
- The bobber may be used alone as an icon/favicon.

PHOTOGRAPHY

- Tackle walls, bait tanks, the mounts, hands holding a striper, the storefront at dawn with trucks and trailers.
- Natural light, slightly gritty; no stock fishing photos.

KEY MESSAGES

- Only live bait within 25 miles of the Lighthouse.
- \$12 Lake Texoma license — residents and non-residents.
- Propane: cylinders any time, RVs by appointment.
- Book a striper guide, buy your bait here.
